Q: What did you like best about this course?

1 Discussion based and informal sessions.

2 I like the area of research and the work being put into it

3 I enjoyed the open discussions about topics, it is great to examine the different issues regarding CS research.

4 Many interesting and important concepts were covered.

Q: What did you like least about this course?

1 Reading load was a bit heavy sometimes - when it was announced Friday!

2 The online courses required at the beginning were sometimes tedious.

3 Some not so interesting concepts were covered, but its understandable that they had to be covered.

Q: Additional comments

1 I originally thought the class would be a bit boring, but the PIs did a good job of keeping it engaging! :)
