Req ID 17762 - Posted 11/13/2015 - Midwest Region - Iowa City, Iowa - Internship - Internship - No Travel Required

ACT is an independent, not-for-profit organization that provides a broad array of assessment, research, information, and program management solutions in the areas of education and workforce development. Each year, ACT serves millions of people in high schools, colleges, professional associations, businesses, and government agencies—nationally and internationally. Learn more at act.org!

Position objective: The Business Intelligence Developer Summer Intern will work with members of the Business Intelligence Reporting Team to design and develop transactional and analytical reporting solutions across a continuum of products.

Typical work-related activities include:
- Utilize technical skills and business skills to conduct an in-depth analysis of the business requirements
- Develop a design/plan for leveraging the best BI solution(s) by focusing on UX/CX disciplines
- Conduct data analysis by writing relational and multidimensional database queries
- Develop, unit test, and implement BI Solution
- Support User Acceptance Testing (UAT) for the implemented BI solution
- Provide post-production support of BI solution by monitoring and troubleshooting issues

MINIMUM QUALIFICATIONS

EDUCATION:
- Currently enrolled in a bachelor's (junior or senior standing) or graduate program in Computer Science, Computer Engineering, Business Analytics, Information Systems, Mathematics or related technical discipline

KNOWLEDGE, SKILLS, AND ABILITIES:
- Working understanding of XML, relational databases (data warehousing concepts), and relational or dimensional data modelling
- Exposure to Java, C#, C++, and/or SQL
- Ability to construct simple to moderate SQL statements to query and access data
- Knowledge or aptitude for business intelligence reporting and analytical tools such as Oracle Business Intelligence Enterprise Edition, Business Objects, Cognos, Pentaho, or Tableau
- Knowledge of Big Data technologies such as Hadoop or MongoDB a plus

Completion of the ACT National Career Readiness Certificate is recommended. Find a testing site near you to register for the WorkKeys assessments. Finalists for this position will be subject to a pre-employment criminal background check as a condition of employment.

ACT is an equal opportunity employer, and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law. ACT values diversity in people and ideas and participates in E-verify. ACT’s online position announcements are intended only to provide general descriptions of employment opportunities; none of the information provided for any position should be interpreted as a commitment by ACT to specific terms and conditions for employment.
